

# **Wonder why I make these noises?**

**Yeah, me too. I can't control it.**

I have Tourette Syndrome, but it doesn't have me! It's just a medical condition that causes me to make funny sounds and twitch around a bit. I can't help it any more than you can stop a cough or a sneeze. I'm really sorry if it bothers you.

**BELIEVE ME . . . it bothers me more!**
